77 West Jackson Boulevard  
Chicago, Illinois 60604-3590

Subject: Modification No. 159

Dear Ms. Gountanis:

Enclosed is the duplicate copy of your transmittal letter signed to acknowledge receipt of the subject modification. Also enclosed is the executed originals of the following work assignment forms (WAFs):

Work Assignment No. 76-5PA3, Rev. 04  
(Nease Chemical CR, OH, 71630)  
Work Assignment No. 80-5P7J, Rev. 04  
(American Chemical Services, 71670)  
Work Assignment No. 51-03C7, Rev. 03  
(Ft. Wainwright, AK, 71360)

As indicated in the WAF for American Chemical Services, we will prepare a work plan revision request (WPRR) to address the cost and LOE necessary to implement the Statement of Work (SOW) Revision No. 2. The WPRR will be submitted on or before September 26, 1996. As we discussed today, you will promptly transmit to us a copy of the SOW, Revision No. 2.

As we discussed with Eva Howard, the ARCS V Project Officer, on September 11, 1996, we believe that insufficient funds were deobligated from Work Assignment No. 51-03C7, Rev. 03. Total funds required for all BVSPC activities on this WA, including Phase 1 and 2 Award Fees, is \$9,067.67. We understand you will issue Rev. 04 to effect this change.

Ms. Diana Gountanis
